CHAIN SPROCKETS

81X, 81XH, 81XHH, WR78, C188, LXS882, H78A, H78B

Split Polymer Sprockets

- Light weight, long lasting, quiet (1/6 weight of steel).
- Cost effective (half the cost of a split steel sprocket).
- Made from super strong GSM nylon.
- Moly/graphite lubed polyurethane idler inserts.
- Zinc-Aluminium Alloy, keyed drive hub inserts for light to medium drive applications.
- Two grease nipple fittings.
- Tooth sizes: 9, 12, 13 and 14.

Idler inserts for the following shaft sizes:

50mm, 60mm, 1-7/16", 1-15/16", 2-3/16", 2-7/16", 2-15/16".

ZA12 drive inserts for the following shaft sizes:

50mm, 60mm, 1-15/16", 2-7/16".
